## OPERATIONAL SERVICES

Tranax makes your ATM ownership experience as easy as possible.

**WebRMS** is a web-based monitoring and cash management solution that ensures a reliable network of ATMs. Instant alerts on your cell phone and via email, as well as online access to electronic journal records, allow you to monitor the health of your ATMs 24/7. WebRMS increases your ATMs' uptime and lowers your operational costs.

**Tranax Extend** offers ATM owners a worry-free investment in a Tranax ATM beyond the standard manufacturer's warranty. If a component of an ATM covered under Extend is in need of repair, Tranax will promptly ship a working replacement part at no charge.

# ATM & beyond

FEATURES

## ADVANCED APPLICATIONS

TranAccess is a set of value-added applications that can be combined with traditional ATM functionality to form a compelling solution. Prepaid telecom, Western Union® money transfers, and check cashing are the first of many applications to be introduced that will help generate additional revenue streams.
